## EXPERIENCE

Bisnar Chase Personal  
Injury Attorneys

### Full-Stack Web Developer

09/2018 - present

- Administer, manage, optimize and develop new features for LAMP stack web application as well as GitHub repository for entire marketing department.
- Prototyped, redesigned and deployed new desktop, tablet, mobile headers and site-wide theme for web application while ensuring cross browser compatibility to inject new life into outdated web application.
- Achieved yearly goal of acquiring new clients through web - a first time in the law firms history, by taking initiative to constantly optimize web application's SEO data and analyze performance reports to drive more traffic and users to domain for increased firm revenue.
- Maintain and improve our build pipeline incorporating Github/Jasmine tests/Webpack/Deploy Scripts with CircleCI for a Continuous Integration/Deployment solution.

Orange County Code  
School
